"It's a testament to the dedication of a dream team who work tirelessly every day to uplift lives"

Dr Julia Sevi, Winner

Taking home the trophy for The AesthetiCare Award for Best Clinic North England was Aesthetic Health.

Founded in 2009 by director Dr Julia Sevi, Aesthetic Health was born out of an aspiration to create an indulgent boutique clinic, dedicated to delivering an exceptional standard of integrated care that is both innovative and evidence-based. According to the entry, the clinic has a core of 2,000 patients and also opened a pop-up Harley Street clinic to serve Southern patients this year.

Aesthetic Health was congratulated by the judges for its 'Dynamic' and 'Excellent entry'. Dr Sevi said of the win, "Winning this award has made us all feel so proud, it's a testament to the dedication of a dream team who work tirelessly every day to uplift lives."

Roger Bloxham, managing director of sponsor of Best Clinic North, AesthetiCare, added, "The Aesthetics Awards has always been the pinnacle of the year. It's been fantastic to sponsor one of the main categories. All our operations are based in the North so it's good to keep it near home and really get behind the people who deliver the treatments – the ones who make the patients' lives better. Congratulations to Dr Sevi and her team!"
